

Regional Convenor Report 2024-2025

Season Report

The first part of the season was spend making sure that all players in our area had a place to play. We were not able to field teams at the U14-U19 age groups but made sure that those players had somewhere to play in a neighbouring association. Once all the teams were formed, they all had a great season with many teams winning medals and participating at away tournaments, our own Waterloo Winterfest as well as the Western Regional tournament and U12 Provincial tournament.

There was a transition in the U12 age group where we were able to decide as an association what level our U12 teams would play at. This allows U12 teams to play at an A,B, or C level and have great competition with other teams with the same skill. Waterloo had a U12A and U12B team.

Thank you to all the parents, coaches and players for making the past season a great one!

For the 2025-2026 Season

We will continue to try and grow the number of players in our regional level of play by having Come Try Ringette and visiting schools to promote the sport of ringette!
